The Limits of Competition Law: Markets and Public Services (Oxford Studies in European Law)

Tony Prosser

The Limits of Competition Law: Markets and Public Services (Oxford Studies in European Law) Tony Prosser

This book examines the relationship between law and public services. Prosser argues that there are important limits to the applicability of competition law in this context. He illustrates his theme by discussing the law in the UK, France and Italy, and at the EU level, and provides a case study considering public service broadcasting.
