The reading notes: A paper back as a notebook (Lieux Communs) (Volume 3) Lieux Communs
This volume consists of 70 blank cream paper pages for note taking.

Long-term memory is the asset from which we draw meaning. Moving information from short-term to long-term memory requires undivided attention at the working memory gateway. In the digital age, attention is a scarce resource. Working memory is permanently interrupted to take micro-decisions such as opening links, scrolling, chatting, checking mails. This results in a working memory stuck with lower value tasks and thoughts locked in short-termness.

The paperback as a notebook is a simple approach to compensate for interruptions and start re-constructing long-term content. Experience deep reading, process valuable information, connect stuff, re-read your own content and re-use.
