A 2,000-year-old artifact that could destroy the foundation of Christianity.... An ancient encrypted message that points to its location.... Alone in the world, archeologist Gillian North fiercely protects the one thing she has in life -- her career. But when her estranged father's murder is set up to look like suicide, she's compelled to step away from mainstream archeology and take up his controversial research into ancient aliens to redeem his name, finding herself on a path that makes her a target as it leads deep into forbidden territory.
