Universidad, lasallismo y proyecto de vida: Pensamiento lasallista 3 (Spanish Edition) Óscar Augusto Elizalde

No hay mayor peligro para una institución de calidad que su propia consolidación. Cuando se pertenece a una obra como La Salle, de gran tradición histórica, con éxito pedagógico probado, pero, ante todo, con porvenir optimista gracias a la necesidad siempre actual de su carisma, se corre el riesgo del ensimismamiento, del quedarse mirando hacia atrás y hacia dentro. La Universidad de La Salle, plenamente consciente de esta tensión, ha venido gestionando en su propio caminar discursivo la necesidad de posicionar un pensamiento lasallista que sin olvidarse de beber en sus fuentes inspiradoras a la vez sea capaz de proyectarse —hacia adelante— y establecer diálogos con las pedagogías contemporáneas, las teorías políticas de hoy y los distintos desarrollos axiológicos que dan forma a las comprensiones actuales del hombre, la ciencia y la cultura. Con ello se obliga a profundizar en su propia propuesta y también a transferir —esto es, hacia los otros, hacia fuera— un cierto modo de producción de conocimiento que privilegia el trabajo colectivo, la democratización del saber y la generación de horizontes de sentido de lo humano desde un enfoque de sostenibilidad y equidad.
