Authority in Language: Investigating Standard English (Routledge Linguistics Classics)

James Milroy, Lesley Milroy

Authority in Language: Investigating Standard English (Routledge Linguistics Classics) James Milroy, Lesley Milroy

Authority in Language explores the perennially topical and controversial notion of correct and incorrect language.

James and Lesley Milroy cover the long-running debate over the teaching of Standard English in Britain and compare the language ideologies in Britain and the USA, involving a discussion of the English-Only movement and the Ebonics controversy. They consider the historical process of standardisation and its social consequences, in particular discrimination against low-status and ethnic minority groups on the basis of their language traits.

This *Routledge Linguistics Classic* is here reissued with a new foreword and a new afterword in which the authors broaden their earlier concept of language ideology.

Authority in Language is indispensable reading for educationalists, teachers and linguists and a long-standing text for courses in sociolinguistics, modern English grammar, history of English and language ideology.
