Critical Multiculturalism: Rethinking Multicultural and Antiracist Education (Social Research & Educational Studies S)

This book aims to bring together two movements - multiculturalism and anti-racism - which, though having aims in common, have been at arms length in the past. Differences of emphasis have meant that classroom practice has been the natural realm of multiculturalism, while anti-racism has been dissatisfied with an approach that accentuates life-style at the expense of challenging or changing the racism that minority students experience. In these debates, there has been a concentration on culturally specific topics and this book goes beyond national boundaries to find how international concerns and contexts might provide answers to problems faced in single countries. Leading figures in the USA, Canada, South Africa, the UK and Australasia write on the issues.
