War brought them together. Love will tear them apart.

Auranos has been conquered and the three kingdoms—Auranos, Limeros, and Paelsia—are now unwillingly united as one country called Mytica. But alluring, dangerous magic still beckons, and with it the chance to rule not just Mytica, but the world. . . .

- CLEO is now a prisoner in her own palace, forced to be an ambassador for Mytica as the evil King Gaius lies to her people
- MAGNUS stands to eventually inherit the new kingdom but is still obsessed with his feelings for his adopted sister, Lucia
- LUCIA is haunted by the deadly outcome of her breathtaking display of magic that allowed her father to capture the kingdoms
- JONAS watches at the palace gates, a troop of rebels behind him, waiting for him to tell them how he plans to overtake King Gaius

When Gaius announces that a road is to be built into the Forbidden Mountains, formally linking all of Mytica together, he sets off a chain of cataclysmic events that will forever change the face of this land.
