Bellamy and Child: Materials on European Union Law of Competition: 2013 Edition Andrew Macnab

This volume of EU competition law materials serves both as the Materials volume of the new Seventh Edition of *Bellamy & Child: European Community Law of Competition*, and as a free-standing work of reference in its own right. It includes legislation, notices and guidelines relevant to all areas of EU competition law (including Treaty provisions, modernisation and procedural matters, substantive antitrust matters, mergers and concentrations, sectoral regimes, public undertakings and State aids). It provides a one-stop resource for competition and antitrust practitioners worldwide.

For ease of use, the book includes notes immediately below individual recitals and articles. These include the original Official Journal notes, identification of amendments and, as a major enhancement, thorough pinpoint cross-references to specific paragraphs where the relevant provisions are discussed in the seventh edition of *Bellamy & Child* and also the second edition of *Faull & Nikpay: The EC Law of Competition*. A copy of this Materials volume is included in each pack of *Bellamy & Child*. The Materials volume is also available for purchase separately.

This 2013 edition includes key recent developments such as the new Services of General Economic Interest (SGEI) package.
