Rage Against the Meshugenah: Why it Takes Balls to Go Nuts

Danny Evans

Rage Against the Meshugenah: Why it Takes Balls to Go Nuts Danny Evans

In his early thirties, Danny Evans had a smokin' hot wife, a new baby boy, and the highest paying job he'd ever had. Then, in the span of one week, a sudden layoff and the events of 9/11 plunged Evans into a crushing depression. At turns poignant and uproarious, *Rage Against the Meshugenah* vividly traces Evans' journey through the minefield of mental illness from a modern man's point-of-view, including his no-holds-barred confrontations with infuriating sexual side effects, self-medication with beer and porn, and a therapist named Neil Diamond.

Danny Evans is here to tell readers the truth about depression, in his own unique style. Skillfully combining self-deprecating humor, absurdly ridiculous insights, and astute pop culture references, Evans reveals his universal struggle to make himself feel happy in a world gone mad, and he's willing to let readers in on his rollercoaster ride of laughter, tears and a whole lot of *meshugenah*.
