Bred to Kill: A Thriller Franck Thilliez

“Crichton fuses with 'True Detective' in a hammering hard-science thriller where the heart of darkness lies not in the soul, but in the genes. Thilliez engineers a winner.” —Scott Sigler, *New York Times*-bestselling author of the *Infected* trilogy

New from Mark Polizzotti, translator of 2014 Nobel Prize-winning author Patrick Modiano: the gripping sequel to runaway international bestseller *Syndrome E*

In the shocking sequel to runaway international bestseller *Syndrome E*, Lucie Henebelle and Inspector Sharko have reunited to take on the case of the brutal murder of Eva Louts, a promising graduate student who was killed while working at a primate research center outside Paris. But what first appears to be a vicious animal attack soon proves to be something more sinister. What was Eva secretly researching? Was she tracking three fanatical scientists who control a thirty-thousand-year-old virus with plans to unleash it into the world?

With his unmatched ability to inject cutting-edge science into his novels, Thilliez draws on genetics, paleontology, and the dark side of human nature to create this smart, adrenaline-fueled thriller. *Bred to Kill* moves from the rain-slicked streets of Paris to the heart of the Alps to the remote Amazon jungle as Lucie and Sharko work to solve the murder—before whoever killed Eva comes for them.

From the Hardcover edition.

From reader reviews:

Kathy Hunnicutt:

As people who live in often the modest era should be upgrade about what going on or details even knowledge to make these people keep up with the era that is certainly always change and move forward. Some of you maybe can update themselves by reading through books. It is a good choice to suit your needs but the problems coming to you actually is you don't know which one you should start with. This Bred to Kill: A Thriller is our recommendation so you keep up with the world. Why, because book serves what you want and want in this era.

Earnestine Marcus:

This Bred to Kill: A Thriller is great publication for you because the content which can be full of information for you who have always deal with world and also have to make decision every minute. This specific book reveal it info accurately using great plan word or we can say no rambling sentences inside it. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but challenging core information with wonderful delivering sentences. Having Bred to Kill: A Thriller in your hand like keeping the world in your arm, data in it is not ridiculous a single. We can say that no publication that offer you world inside ten or fifteen moment right but this guide already do that. So , this is certainly good reading book. Hi Mr. and Mrs. active do you still doubt which?

Kathy Woodward:

Reading a book to become new life style in this calendar year; every people loves to examine a book. When you learn a book you can get a lots of benefit. When you read ebooks, you can improve your knowledge, due to the fact book has a lot of information on it. The information that you will get depend on what forms of book that you have read. If you want to get information about your review, you can read education books, but if you want to entertain yourself look for a fiction books, these kinds of us novel, comics, in addition to soon. The Bred to Kill: A Thriller will give you new experience in reading a book.

Robert Collado:

Many people spending their period by playing outside along with friends, fun activity along with family or just watching TV the whole day. You can have new activity to enjoy your whole day by reading a book. Ugh, do you consider reading a book can actually hard because you have to take the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Mobile phone. Like Bred to Kill: A Thriller which is keeping the e-book version. So , why not try out this book? Let's observe.
