The Jewelry Engravers Manual (Dover Craft Books) R. Allen Hardy, John J. Bowman

Many engraving books on the market illustrate the forms and appearance of finished designs but fail to provide adequate instructions for actual engraving. In sharp contrast, this comprehensive and practical manual by two educators and master craftsmen teaches every step of the engraving process.

Clear, step-by-step instructions, accompanied by scores of illustrations, tell how to cut initials and inscriptions using a variety of alphabets, including script, ribbon, vertical script, and Roman letters as well as block and Old English. You'll also learn how to design and cut initials in monograms, what forms to use for properly decorating and embellishing engraved work, and how to correctly shape and maintain tools, particularly square script gravers — a tool basic to many different kinds of engraving. A glossary of terms and extensive, helpful question-and-answer section round out this immensely beneficial guide.

While practicing artisans will find many useful suggestions for improving their professional work, beginners will especially consider *The Jewelry Engravers Manual* a valuable tool for mastering the art of engraving.
