Porsche Boxster Story: The Entire Development History Paul Frere

In *Porsche Boxster Story* author Paul Frère traces the development history of the Boxster, from the original concept car, unveiled at the 1993 Detroit Motor Show, through the evolution of the first-generation 986-series cars, to the latest 987-series. He provides a technical description of the body structure, engine, transmission and running gear as they evolved over the years, together with a summary of press reaction at each stage of development. Finally, he covers the Cayman S coupé, itself based on the Boxster platform, filling the gap between the Boxster and the 911 in terms of price and performance.
