Shakespeare's Education brings to life the educational experiences of boys in 16th century England. Monarchs from Henry VIII to Elizabeth I established hundreds of schools, and formulated a curriculum based on Latin, the reading of classical literature, and the performance of recitations and plays. This system educated Shakespeare and his contemporaries Christopher Marlowe, Ben Jonson, and thousands more. It became the matrix for one of the world's great periods in theatre history. More important, it helps us understand the writing of Shakespeare, the greatest playwright the world has seen.
