Human Needs and Cosmic Answers: The Spirit of the Circling Stars Adam Bittleston

Concerned with the many problems of human destiny, including the choice of occupation, marriage and the significance of prayer and meditation, this book puts the events of personal life into the context of both the New Testament and the stars.

Drawing on forty years of experience as a priest, teacher, and counselor, Bittleston shows how the insights gained from a study of the stars can be put into practice in everyday life.
