This book honors the academic trajectory and global impact of Philip G. Altbach, one of the most important education comparativists worldwide for over forty years. From his early writings on India and student activism to his recent work on research universities, Altbach has served as a key developer of the expansion of the field to include comparative higher education. His capacity to find, support, and gather the best minds around the world, to organize research teams in order to explore the most relevant issues on comparative higher education has earned him international recognition.
