The Human Factor: Revolutionizing the Way People Live with Technology Kim Vicente

In this incessantly readable, groundbreaking work, Vicente makes vividly clear how we can bridge the widening gap between people and technology. He investigates every level of human activity - from simple matters such as our hand-eye coordination to complex human systems such as government regulatory agencies, and why businesses would benefit from making consumer goods easier to use. He shows us why we all have a vital stake in reforming the aviation industry, the health industry, and the way we live day-to-day with technology.
