MMPI-2: A Practitioner's Guide

This book will be released on August 1, 2005. You may order it now using your credit card and we will ship it to you when it arrives. Preorder Now! The MMPI - 2: Practitioner's Guide is a compendium of original contributions that focus on new developments and applications for the Minnesota Multiphasic Personality Inventory (MMPI - 2), the most widely researched and broadly used personality assessment instrument. This handbook, which is specifically geared for clinicians and graduate students, addresses both research and clinical applications of the MMPI - 2. The contributors to this volume are a distinguished team of psychologists with established expertise in both assessment research and practical contributions to test interpretation. The chapters cover theoretical issues that affect the interpretation of the MMPI - 2 in a wide range of circumstances, such as the presence of neurological injury, PTSD, or substance abuse, as well as in particular settings and with diverse populations. is provided along with established guidelines for administration and interpretation of the MMPI - 2 in the test application. The volume is richly illustrated with case examples and chapter highlights to illustrate these test applications.

From reader reviews:

Tessie Springfield:

Information is provisions for people to get better life, information nowadays can get by anyone in everywhere. The information can be a know-how or any news even a concern. What people must be consider whenever those information which is from the former life are difficult to be find than now's taking seriously which one works to believe or which one the actual resource are convinced. If you receive the unstable resource then you understand it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take MMPI-2: A Practitioner's Guide as the daily resource information.

Hattie Adkins:

That reserve can make you to feel relax. This book MMPI-2: A Practitioner's Guide was colorful and of course has pictures on there. As we know that book MMPI-2: A Practitioner's Guide has many kinds or style. Start from kids until teens. For example Naruto or Investigator Conan you can read and think that you are the character on there. Therefore not at all of book are make you bored, any it offers up you feel happy, fun and chill out. Try to choose the best book for yourself and try to like reading in which.

Joseph Johnson:

As a scholar exactly feel bored to be able to reading. If their teacher expected them to go to the library or even make summary for some publication, they are complained. Just minor students that has reading's internal or real their pastime. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this MMPI-2: A Practitioner's Guide can make you truly feel more interested to read.

Mary Jacobs:

Reading a reserve make you to get more knowledge as a result. You can take knowledge and information from a book. Book is prepared or printed or descriptive from each source this filled update of news. On this modern era like at this point, many ways to get information are available for you. From media social such as newspaper, magazines, science reserve, encyclopedia, reference book, new and comic. You can add your understanding by that book. Are you hip to spend your spare time to spread out your book? Or just searching for the MMPI-2: A Practitioner's Guide when you required it?
