ABOUT THE AUTHOR

Born in Morzine in 1948, Anselme Baud made a mark on the Alps skiing steep slopes history. He was a high mountain guide in 1973, and was one of the first who skied extreme downhill in the Alps, the Andes, in Antarctica or in the Himalayas. As an ENSA professor, he supervised during several years the mountain guides training in Bolivia and Nepal.

EXCERPT

Swiss Val Ferret offers a very special collection of ski descents and tours. The numerous heli-drops of skiers in the winter have little effect on the ski-tourers in the area as the classic tours, such as the ThreeCols, and the start of the Chamonix-Zermatt Haute Route don't really get skied until the spring. There are three big huts that are convenient for early morning starts. A fourth hut (smaller and in a wonderful location) is also used by skiers, although it was built with summer climbers and mountaineers in mind and is similar to the La Maye Bivouac on Mont Dolent.
