An Uneducated View of Sex, Food and Politics Derek Haines

Who is Derek Haines?

What is the meaning of life?

Where do I fit in the scheme of things?

What is it about 42?

How do you cook tripe?

If you are looking for answers to the above questions, this is probably the place to look. This book covers many topics but none in depth. It doesn't ask too many questions, so logically from this perspective, it doesn't answer too many questions either. It does however have some recipes.

In between the recipes, there are passages of meandering text that are placed in a clever word order so as to create utter confusion for the reader, and include (above all else) phrases in brackets that further test the reader's patience. There are also (1) and no pictures.

This book was written in 1998. So what has changed? Not much, except I use an Apple Macbook Air now to put words into a clever order.

Read the inside stuff now if you dare.

(1) There are footnotes to further confuse.
