Fatal Remains (A Marti MacAlister Mystery) Eleanor Taylor Bland

When Marti MacAlister and her partner Matthew "Vik" Jessenovik respond to a report of skeletal remains found on a wooded piece of land, the pair has no idea it's just the first indication of a convoluted case of murder and conspiracy dating back hundreds of years. The skeleton turns out to be quite a mystery in itself, leading Native American groups and historians specializing in the Underground Railroad to flock to the site.

Unfortunately for all involved, the violence associated with the area is not confined to the distant past, and soon reports of mysterious accidents and suspicious deaths are coming in faster than Marti would like. A small contingent of locals even swears the land is haunted by a ghost intent on exacting a vicious revenge for some unknown grievance. Marti knows there must be a more traditional explanation, and it's her job to find out what it is. Eleanor Taylor Bland is at the top of her form in this taut, well-researched, suspenseful entry in her award-winning Marti MacAlister series.
