Complete summary of Jamie Nast's book: "Idea Mapping: How to Access Your Hidden Brain Power, Learn Faster, Remember More and Achieve Success in Business".

This summary of the ideas from Jamie Nast's book "Idea Mapping" highlights that the human brain is better at processing information when it is presented visually. Therefore by converting linear information that is received into an idea map, you create relationships which will help clarify the information contained. This summary shows the reader the best ways to establish idea mapping, such as defining your purpose in advance, but understanding that it's best to have ideas first, and create order later. Start with less, rather than more – a word can be a better springboard than a phrase. Look at others' idea maps on the same subject, to create synergy, then do a team map together.

Added-value of this summary:

- Save time
- Understand key concepts
- Expand your business knowledge

To learn more, read "Idea Mapping" to improve your communication skills and produce better results.
