The patterns on giraffes are like fingerprints: no two are the same. The giraffe often has a reputation for being a quiet and majestic creature, but did you know that this bold animal is born into the world at six feet tall? Or that giraffes have the ability to run up to 30 miles an hour and that they neck wrestle in their spare time? Wow! National Geographic Giraffes 2015 presents spectacular intimate photographs that reveal their unique features. Each outstanding image is accompanied by fascinating National Geographic information and a large grid with moon phases and international holidays. Proceeds from the sale of this calendar support vital exploration, conservation, research, and education programs. Earth friendly, printed with soya-based inks on FSC certified paper.
