The creators of the award-winning Alphabeasties And Other Amazing Types capture an amazing array of insects in their totally unique and captivating style. While the alphabeasties were comprised of letters, these incredible insects are ingeniously engineered out of numerals. Each entry includes fascinating numeric facts about its subject: An ant has 2 stomachs and 3 body parts, and it can lift 50 times its body weight! This one-of-a-kind, eye-catching look at the insect world will entertain, engage, and educate stylish young entomologists everywhere!
