The Blue Mountain: A Novel Meir Shalev

The absorbing first novel by one of Israel's most important and acclaimed contemporary writers focuses on four idealistic early settlers of the modern state of Israel

Set in a small rural village prior to the creation of the State of Israel, this funny and hugely imaginative book paints an extraordinary picture of a small community of Ukrainian immigrants as they pioneer a new life in a new land over three generations. Narrated by Baruch, a grandson of one of the founding fathers of the village, this lyrical novel transcends time and place by touching on issues of universal relevance, showcasing the skill of a master storyteller who never fails to entertain.
